What type of learning garden to do you wish to plant?

If other; please specify

Who would be using the learning garden? Single class

How many students will be using the garden on an annual basis 0-50

What grades will be participating in the learning garden? Please check all that apply.

How will you involve your students in the preparation/maintenance/growing of your learning garden? Please check all that apply

If other; please specify

Which subject areas will you incorporate into your learning garden? Please check all that apply.

Do you plan to incorporate the Nutrients for Life Curriculum – Nourishing the Planet in the 21st Century into your lessons? If so, how?

If other; please specify

Which grant are you applying for to help grow your vision? \$500

What is the money going to be used for?

If you have photos/sketches/plans you can upload them so we can see your space and ideas!

Is this grant the sole funding resource for your learning garden? If you are augmenting this grant with others please let us know which ones and how they will work together. (ie: Nutrients for life for plants, fertilizers and other grant for structure or other learning elements)

I have read the Guiding Principles of Effective Nutrients Learning Gardens Yup

I understand the annual reporting/follow up requirements Yup

What is your plan for maintaining your learning garden during the summer break?

Anything else you want to tell us?
