

## Forest/Wetland Outdoor Educator (September & October)

Do you love science, the environment, and encouraging students to experience, discover and make connections to the natural world? Can you seize a teachable moment and turn it into an aha-moment? Come work for us in the outdoor classroom! Inside Education helps students and teachers understand the science, technology and issues related to our environment and natural resources. Our award-winning education programs consider multiple perspectives, encourage critical thinking and responsible stewardship.

### Opportunity

We're looking for an enthusiastic, adaptable **Outdoor Educator** to join our team in **Edmonton** for the fall field season! You will be involved in the direct delivery of forest and/or wetlands education programs to students at various outdoor field sites across Alberta. This is a great opportunity to build your facilitation and presentation skills while working alongside a team of passionate and dedicated educators!

### Qualifications

- Post-secondary studies in education, science, environmental or related fields.
- Some experience teaching or leading outdoor groups, working with students, and/or delivering education programs.
- For the purpose of our vehicle insurance, candidates must be at least 21 years of age as of the position start date and have a clear abstract (vehicle not required).
- This position will be partially funded through employment grants; therefore, candidates must be between 21-30 years of age by the position start date.
- You must have at minimum a current Standard First Aid/CPR-C certificate by the position start date. Additional safety training is a desired asset.
- Provide proof of current Covid-19 vaccination (at least two doses).

### You will be successful in this role if:

- You are a flexible, resilient and good-natured travel companion. Due to the nature of our work at different field sites around the province, **frequent travel** - including overnights and evening/weekend overtime is required (time-off-in-lieu provided).
- You are able to work outdoors in all weather conditions, interact with students of all ages, and take on a variety of education assignments.
- You have a well-rounded understanding of the science and issues related to Alberta's natural resources and environment.
- You're a natural at storytelling, creativity, and can identify and capitalize on teachable moments.

### **Wages and Term**

This is an 8-week, full-time term from **September 1 - October 31, 2022**. Wages are **\$24.00/hour** and based on a 36.25 hour work week, plus 6% vacation pay.

### **To Apply**

We are looking forward to getting to know you better! Apply your letter of introduction and resumé (just one PDF file please) by July 31, 2022 to: [info@insideeducation.ca](mailto:info@insideeducation.ca)

We appreciate all interest in this position, though only those selected for an interview will be contacted.
