

MESSAGE FROM THE PREMIER OF ALBERTA

On behalf of the Government of Alberta, it is my pleasure to welcome students and teachers to Generate: Energy and Climate Youth Leadership Youth Summit presented by Inside Education.

Alberta remains one of the most responsible energy producers in the world, and our province plays an important role in Canada's growth and prosperity. This event is an opportunity for future energy and climate leaders like you to learn more about the science and technology of the energy sector and the exciting careers that are available. You will also have the chance to learn about some of the ways innovation is helping us reduce emissions while we continue to grow the economy and deliver the safe, affordable, reliable energy the world will need for generations to come.

I hope you will be inspired by the summit's activities and discussions as you plan for and implement projects in your own communities. Your curiosity and determination will create positive change, and I have no doubt you will be instrumental in building a bright future for yourselves and others.

Thank you to all those who have worked hard to make this event possible. Please accept my very best wishes as you explore and learn together.

A handwritten signature in black ink that reads "Danielle Smith".

Honourable Danielle Smith, Premier of Alberta
